EUROTARY 87

9th Annual Assembly

The Members of the Rotary Club of Albrighton & District are proud and delighted to have been entrusted with the honour of hosting the ninth Annual Assembly of Eurotary 87 to be held over the weekend of the 15th, 16th and 17th September 2000.

Eurotary 87 was founded in 1992 with the primary aim of establishing ties of friendship between Rotarians from all regions of Europe thereby contributing to a better understanding between countries.

Eurotary 87 is an association of the Rotary Clubs in Europe that were chartered in 1987 and whilst we wish to extend a warm welcome to old friends, we especially wish to extend an invitation to representatives from as many as possible of the eligible clubs who have not attended previous assemblies.

The centre of the events for the Millennium meeting of Eurotary 87 will be in the vicinity of the spectacularly beautiful Ironbridge Gorge in Shropshire, a World Heritage Site. Here the Industrial Revolution was born, the first iron bridge and the first steam railway locomotive were made.

Our preliminary draft programme opposite offers the opportunity to step into the living past as well as providing the opportunity for fun and fellowship.

Although we are not yet able to commit ourselves to a firm fixed price for the weekend, we are able to confirm that the maximum cost per couple will not exceed £300.00 Sterling, inclusive of accommodation, events and registration.

Further details, together with a formal invitation, will be sent to all eligible clubs in March/April 2000 and in the meantime, we look forward to renewing old friendships and making new ones.
